This year marks 30 years of Fisher House Foundation’s dedication to our nation’s wounded, injured, and ill service members and their families.

- Since 1990, our impact on military families has been profound:
  - 90 Fisher Houses operate around the world
  - 400,000 military and veteran families served
  - 10 million days of free lodging offered
  - $500 million in savings to families
  - On any given night, more than 1200 families served

Our “homes away from home” are offered at no cost to military and veterans’ families, allowing them to be together while their loved ones receive specialized medical care at military and VA medical centers around the world and ensure they can be a part of the healing process.

A long-term stay in a hospital, often thousands of miles from home, can lead to unmanageable burdens and significant expenses for family members needing to be a part of their loved one’s healing process. Since 1990, Fisher House has saved families $500 million, allowing families to be together during these difficult times.

Other Fisher House Foundation programs include:

- Hero Miles: Provides airline tickets to wounded, injured and ill service members and their families in support of their continued recovery process through donated frequent flyer miles—even 1,000 miles makes a difference.
- Hotels for Heroes: Provides free hotel rooms to military and veteran families whose loved ones are being treated at a DoD or VA hospital when a Fisher House is either full or unavailable, through donated hotel points.

Fisher House Foundation is a premier national non-profit and has been awarded a four-star Charity Navigator rating for 16 years straight and an A+ rating from CharityWatch.

Fisher Houses are built to last decades and will continue to offer comfort and support to veterans and military families for many years to come. It is the gift that keeps on giving.
When someone walks through the door of a Fisher House, we want them to know there are those who appreciate their service, honor their service, and are there to help them in their time of need.

On any given night, up to 1,200 families could be staying at a Fisher House.

All donations help the Foundation and Fisher Houses around the country provide a safe, comfortable place to stay while their loved one undergoes care. A $10 donation can provide a family one night at a military Fisher House or help defray the cost of processing a Hero Miles ticket.

Wounds from combat are both visible and invisible, whether burns and amputations or from post-traumatic stress and traumatic brain injury. All these medical challenges will require the ongoing presence of a veteran’s family around them and a Fisher House will support them in their time of need.

Fisher House is a community where guests lean on each other for support in their common mission of supporting a sick or injured family member.

Fisher House is a home where families can rest in their private suite after a long day at the hospital.
